

UNIVERSITY OF LEEDS

Have you been discharged from mental health inpatient care, or cared for someone who has?

We want to hear your experiences of safety!

This study is interested in **the factors that keep patients safe** after leaving **inpatient mental health care** and returning to the **community**

Who can take part?

- Aged **18-65** years
- Been discharged from an acute adult inpatient mental health ward **within the past 2 years**
- Been living in the community for **at least 30 days**

OR

- A **carer** for someone who fits the above

£25 voucher

to say thank you for taking part!

Ready to take part or need more information?
